## Educational Interpreters: The Missing Piece of the IEP Team

Friday, March 8<sup>th</sup>, 6-9pm (.3 RID/QAST/BEI CEU)

The specialized skills/knowledge that the educational interpreter can offer is not limited to actual interpreting. Interpreters have been/should be participating members of annual IEP team meetings. When allowed full access to the IEP document, which contains central guidelines for the classroom teacher & the interpreter as an accommodation, the interpreter can offer salient information to the team. This workshop will address the IEP's implications of the interpreter's role in the classroom, the interpreter as a member of the IEP team, and interpreting protocol during an IEP meeting.
